Mr. John N. McMahon  
Deputy Director for  
Central Intelligence  
Washington, D.C. 20305

Dear John:

I am writing to thank you for the superb cooperation DIA received from CIA during the production of Soviet Military Power 1983. This updated edition should prove of considerable assistance to U.S. efforts here and abroad to report as fully as possible on the continuing growth and modernization of Soviet armed forces.

I am having several copies of the publication forwarded separately to you. Again, with great appreciation.

Sincerely,

  
JAMES A. WILLIAMS  
Lieutenant General, U.S. Army
